Glencoe Advantage

Due to the success of last years program, the Glencoe Chamber will extend its New Housing Incentive program for 2010. Glencoe had 4 new housing starts in 2009, and completed 2 town-homes that were started several years before. This is more activity than any other surrounding community! Most of the 2009 projects were able to take advantage of some of the incentives.

The incentive program, entitled the Glencoe Advantage offers over \$30,000 in rebates, discounts, specials, and tax credits. Most of the program is made possible by local businesses offering discounts or promotions aimed at any persons building a new home in Glencoe. The city has also reduced new construction impact fees as part of the program. To learn more about the Glencoe Advantage call the Chamber at 864-3650 for more details, or visit their booth at the Glencoe Expo or CRBA Home & Landscape Showcase.
